HUB INTERNATIONAL

HUB International was born in 1998 with the merger of 11 privately held insurance brokerages. That number has grown to a network of more than 400 integrated brokerages across North America - all carrying the HUB banner.

Today, HUB is one of the largest insurance brokers in the world, and represents a broad, deep, one-of-a-kind aggregation of insurance entrepreneurs.

HUB is a global insurance brokerage that puts our customers at the center of everything we do. Our reach and resources mean customers have the insurance they need when they need it - and before they know they need it. HUB provides complete protection: property, casualty, life and health insurance products; employee benefits and business risk management; and wealth management products and services.
